

LITTELFUSE SHOCK-BLOCK® GFCI PRODUCTS

SB100B/SB250B

Description

Littelfuse Shock-Block provides UL 943 Class A GFCI protection to cast, crew and production equipment from electrical hazards. Wet conditions, moisture or just worn cable insulation can cause ground faults that endanger the lives of those working on production sets.

Shock-Block GFCI protection monitors leakage current to eliminate potential electrical hazards caused by wet equipment. Whether you are shooting outdoors or around water, the Academy Award® winning Littelfuse Shock-Block technology protects your cast and crew without delays caused by nuisance tripping.

Product Features

- Portable, in-line plug-in device
- UL Listed
- Meets ESTA E1.19 requirements
- Dimmable Options available (SB100B)

Specifications

Voltage Rating: 50VAC – 240VAC

Amperage Ratings: 100 amperes

Trip Level: < 6 mA

Phase: Single / Three

Enclosure: NEMA Type 4 / 4X

Approval: UL Listed per
UL 943 Class A

Connection: Bates / Cam Lock
