## Dimensions

## Description

Littelfuse Rocker Switches are designed for universal applications within harsh environments. Their mounting, body, and actuator features are designed for ease-of-use and extended product lifecycle.

Rocker Switch accessory kits enable end users to create bezels for switches from the 56027 and/or 58328 series. Parallel snap-in mounting allows any order and combination of switches to be used. Switches are not included and must be ordered separately.
